ESTABLISHED 1876

95 FRONT STREET

NEW YORK

November 1927.

The Nursery Trade has responded so whole heartedly to our offer to serve it as brokers, that we have already at your command an interesting list of stocks of the conifers and deciduous and ornamental trees and shrubs available for prompt or spring delivery.

We solicit the offers, particularly of those nurserymen, who have a troublesome surplus. It follows that it is also to your advantage to procure our offerings before purchasing. You make no investment and the saving may be material.

There are on hand unsatisfied inquiries for:

ULMUS	Pumila	seedlings
MAGNOLIA	accuminata	"
VIBURNUM	Lantana	"
SCILLA	Neutans	plants

We are offered a handsome lot of ASTILBES CLUMPS, as follows:

Gladstone, Moerheimi, Rose Pearl,

It will help us to serve you better if you will make your offerings conform with the Horticultural Standards (June 1923) adopted by the American Association of Nurserymen.

In our previous letter, the price on Pinus Resinosa seed was erroneous. We can book orders for immediate delivery of 1927 crop seed only at \$13.50 per lb, fob., New York.

On your requirements of Oriental Tree Seeds we are always pleased to quote on behalf of Messrs. T. Sakata & Co. Ask for their catalogue.
